Our Service and Special Rates:

Our bike trailer is fitted so that each bike is mounted by the front fork and then safely secured down. No bike dis-assembly is required and race wheels, hydration systems, bento boxes, etc, can all travel safely on the bike. The front wheel will be mounted safely next to the bike.

We have taken extra safety precautions to make sure your bike meets you at your race safely, and have a high tech alarm system attached to our trailer. Your bike will be treated like the expensive piece of race equipment it is. We will handle your bike with the utmost care. We cater to Texas triathletes. This means you keep your bike longer to get in that last ride before your big race and have it back sooner after the race.

Our rates cannot be beat for the high quality service we provide. Rates are Round Trip: Bicycles are \$250 each. Wheel Bags and Race Bags are an additional \$35 each. Reservations are first come, first serve.

There is no extra insurance cost if your bike and bag are valued at less than \$3K. If valued over \$3K, additional supplemental insurance may be purchased.

We will pickup and dropoff within 10 miles of the route shown here.

To reserve a spot, please contact: Natasha@triteamtransport.com
